## CAREER OBJECTIVE

*Motivated and detail-oriented Computer Science Under graduate with a strong foundation in programming, data structures, and software development. Eager to begin my career as a developer where I can apply my technical skills, problem-solving abilities, and passion for learning to contribute to innovative and impactful projects. Looking forward to working in a dynamic environment that encourages growth and continuous learning.*

## EDUCATION

**B.Tech: CSE | 2023-2025**
*Tirumala Engineering College -  Narasaraopet*
- CGPA: 7.18

**Diploma: CIVIL| 2019-2022**
*Chebrolu Engineering College - Chebrolu*
- Percentage*: 66.4%*

**Secondary Education | 2018-2019**
*Anjuman-E-Islamia High School - Guntur*
- GPA: 8.0

## TECHNICAL SKILLS

- **Programming:** C++, Python
- **Web & API:** HTML, CSS, JavaScript
- **Databases:** MySQL (basic), MongoDB
- **Tools:** Git, Visual Studio Code
- **Concepts:** OOP, Data Structures, Debugging, OS
- **Soft Skills:** Analytical thinking, communication, collaboration, Problem-solving ability

## PROJECTS

**Personal Portfolio Website**
   *HTML, CSS, JavaScript*
- Built a clean, mobile-responsive site to showcase education, projects, and skills.
- Incorporated reusable components and animations for better UX.

**Weather Forecast Web App**
HTML,CSS and *Flask, Python, OpenWeatherMap API*
- Built a web app to fetch and display real-time weather data by city.
- Implemented Flask backend, REST API handling, and dynamic UI updates using JavaScript.

## KEY STRENGHTS

- Strong interest in solving analytical problems using Python

- Comfortable with debugging and improving existing code
- Solid understanding of core programming and debugging principles
- Capable of working independently or in team-based environments
- Communicates ideas clearly and works co-operatively toward shared goals
